HAIR

All Dance Students need to come to class with their hair up in a bun. Bangs may be pinned back or to the side. Students with short hair need to pin or clip it close to the head. Proper hair is very important t helps the student to see better and not be distracted from learning. With older students it help them turn better which will help their over all performance.

I understand the Dress Code and that it is important to Classroom Decorum and Dance Training and I will adhere to it to the best of my ability.
